R&D NEWS NOTES

29 July 68
(Date)

TO: Editor, R&D NEWS NOTES, TSSG/DED

FROM:

[Redacted]

I would like to offer my comments/questions concerning some of the following items.

- a. Zoom 70 Acuity Adapters Ready for PI's
Having used a pilot set of these special lenses for some months, I wish to express my satisfaction. They relieve eye strain and permit a larger field of vision besides obviating wear and tear on my spectacles
- b. ~~Ultra-Violet Rear Projection Viewer~~
- c. New Heat Processed Diazo
- d. Low-Cost Control
- e. Instrument Performs Double Duty
