

TDC ANNOUNCEMENT

P&DS has received a letter from [redacted] containing the revised cost estimates for the experimental models of the 24-inch Roller Transport, Paper Processor (PAR-215) and the 12-inch Roller Transport (PAR-214), Film Reversal Processor. The new estimate for these two items, including installation, totals

[redacted]

This is the second increase on these items. A previous overrun for [redacted] was reported at the TDC meeting of 3 March 1965.

Declass Review by NGA.
