12 June 1970

MEMORANDUM FOR: All Research & Engineering Division Personnel

SUBJECT : Approvals Concerning Acquisition of ADP Equipment & Services

1. The Executive Director-Comptroller has issued a memorandum setting forth new Agency procedures for the approval of acquisition of certain ADP equipment and services. I have assigned the Computer Applications Section the responsibility of being the RED coordination agents in handling the required approval actions as outlined in the subject memo, a copy of which is attached.

2. Any changes to existing programs or new programs which meet the criteria established in paragraph 2 of the subject memo are to be brought to the attention of the Computer Applications Section as early as possible so that any necessary coordination can be effected, and the required approval request can be effectively prepared. It will remain the responsibility of the individual project monitor to prepare the required approval package.

3. Coordination is also to be effected with the Computer Applications Section in the preparation of Development or Design Objectives for projects which will fall within the ADP criteria in the subject memo. The CAS involvement in the preparation of project objectives is to insure the most effective coordination and minimize delays or rejections in the approval process because of ADP considerations.

  
Chief, Research & Engineering Division,  
TSSG

Attachment:  
DDI-1112-70, 21 April 1970, Approvals Concerning Acquisition of ADP Equipment & Services

Distribution:

- 1 ea. - All RED Personnel
- 1 - TSSG/RED/FO
- 1 - TSSG/RED/SRB
- 1 - TSSG/RED/SRB/CAS
