NPIC/TDS/D-786-67
5 April 1967

MEMORANDUM FOR: Executive Director, NPIC
ATTENTION : Chief, Support Staff, NPIC
SUBJECT : T-KH-SI Clearance Request

25X1 1. It is requested that [] Senior Scientist with
the U.S. Army Behavioral Science Research Laboratory (formerly the Per-
sonnel Research Office), be granted Agency Top Secret and T-KH-SI clearances.

25X1 2. [] is one of the government's most experienced research
psychologists in the field of image interpretation. His many years of ser-
vice with the Army investigating tactical reconnaissance and exploitation
problems would be of extreme value to NPIC if [] were granted
access to our operation. His expertise especially in the field of human
factors as applied to interpretation would significantly aid TDS in ad-
ministering its current and future human factors efforts. []
potential consultation in a fully cleared status is considered by TDS to
be of substantial and unique benefit to NPIC, and is desired as soon as
possible.

[]
Colonel, USAF
Assistant for Technical Development, NPIC
