MEMORANDUM FOR: Chief, Technical Services & Support Group, NPIC
Chief, Imagery Exploitation Group, NPIC
Chief, Production Services Group, NPIC

THROUGH: Chief, Development & Engineering Division, TSSG

SUBJECT: Request for TICOF Monitors

1. I hereby request that three Center personnel, one each from IEG, PSQ and TSSG, be appointed as TICOF monitors. Paragraph 34 of the attached memorandum specifies the Center commitment to support such TICOF personnel requirements.

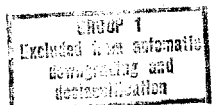

2. The monitors will assume responsibility for systematically observing and recording photointerpreter activities typical of those found in IEG/WGD. Training of the monitors will be conducted by TICOF management personnel.

3. Conditions of appointment:

- a. Duration of service - 30 June through 26 September, subject to extension or substitution, and pending mutual agreement by TICOF management and the appropriate Group Chief. However, data collection is scheduled for a five-month period, necessitating that additional monitors be appointed the week of 22 September to begin training.
- b. Hourly commitment - each monitor is expected to participate full time for one week of training (30 June - 3 July), and one-third time thereafter.
- c. Photointerpretation or photogrammetry experience - preferred, but not mandatory.
- d. Other - male preferred; able to establish effective rapport with subject interpreters and TICOF management; capable of working without continuous, direct supervision, while at the same time adhering to the general guidelines of the research program; concurrence of Chief, Training Branch, SSD/TSSG should be requested if co-op students or summer interns are selected.

4. Kindly submit the names of candidates to me on or before 27 June.
