Deputy Director, NPIC

Commendation -

STAT

1. On 19 December 1961 of CIA/PAD made a verbal presentation to the Board of National Estimates dealing with a specific photographic interpretation problem which had a major bearing on an important national estimate. His presentation was lucid and exhibited a high degree of technical competence. He kept it factual and avoided responses which could have been misleading, a difficult task under the conditions of the presentation.

STAT

2. deserves to be commended for a performance which reflected considerable credit upon himself and his organization.
