Dear [Redacted]

STAT

Attached is a copy of the Director's response to [Redacted] per his query on the status of [Redacted]. I believe you are properly referred to as "a specially qualified engineering firm". Of course we would have put [Redacted] in neon had the epistle been written at NPIC! You might let your partners who are appropriately banded for this project see that you don't do business in Washington unless there is White House interest on the line.
