MEMORANDUM FOR: Lt. Col. Robert E. Saxon, USAF Element, NPIC
SUBJECT : Request for Briefing Materials

Yesterday I participated in a briefing of the Killian Committee in Dr. Cheryk's office at which Messrs. Dulles and Bissell were present. Major Moran of AFCIN 1B2 presented a number of vu-graphs not prepared at NPIC. Since these are of considerable interest to me, I would like the opportunity of reviewing these at my leisure as soon as possible. Please arrange for a short term loan of these vu-graphs; if there are any I require for retention, I will request copies accordingly.
