MEMORANDUM FOR: Assistant Chief of Staff, Intelligence, Department
of the Air Force

ATTENTION : AFCIN-1B2

SUBJECT : Aero Space Intelligence Files

REFERENCE : CIN-1B2(s) 1148'61, dated July 6, 1961, subject: (U)
Establishment of Priority Overhead Reconnaissance
Requirements in the Aero Space Intelligence Files.

1. The mission of NPIC does not include any responsibility for the development of collection requirements by overhead reconnaissance efforts. Such responsibility falls to each USIB member agency represented on COMOR per DCID No. 2/7, dated 9 August 1960.

2. Although the foregoing would appear to restrict NPIC from participating in subject program, we are vitally interested in continuing to receive the results thereof to assist us in the direction of our exploitation responsibilities. In other words, we must know what is to be collected so that we can appropriately exploit the results of such collection.

3. Therefore, we would appreciate to continue to receive copies of your machine tabulations; we no longer require copies of your IEM cards.
