MEMORANDUM FOR: Operations Officer, NPIC

SUBJECT: Projects JN 305-61 and JN 306-61

1. NPIC report TP 4/62, while not completely definitive, basically answers the requirement for which JN 305-61 was established. Therefore, JN 305-61 may be considered completed.

2. JN 306-61 was established when it was anticipated that NPIC would provide qualitative analyses for incorporation in the AF QMCI's. The Air Force subsequently decided to have them prepared at ACIC. Therefore, JN 306-61 may be cancelled.

3. These should be announced at the Ad Com.
