MEMORANDUM FOR: Chief, Manufacturing and Services Division, ORR

25X1 ATTENTION :

THROUGH : Chief, Requirements Branch, Reconnaissance Group, CGS

FROM : Chief, CIA/PID (NPIC)

SUBJECT : Canton Arsenal Complex

REFERENCE : (1) ORR Requirement No. C-RR3-80,522/63
(2) CIA/PID Project No. C 1422-63

1. This memorandum is in response to the referenced requirement which asks for an analysis of arsenals at Canton, including current production activity and expansion since 1960.

25X1 2. Analysis of photographic coverage of Canton reveals no arsenals. The Shih-ching Arsenal (also called Kuang-chou Arsenal, Chih-ching,) located on US Air Target Chart-Series 200-0614-1A, 1st Edition, April 1959, could not be confirmed. Analysis of photo coverage of the area outlined on this chart shows that it contains a brick plant, residential areas, a few warehouses and some small shops, none of which contain adequate facilities to produce the weapons which are reported to be produced by this plant.

25X1 3. The photo analysts assigned to this project were Messrs. who may be contacted on extension should you have further questions regarding this project. This memorandum completes the referenced requirement.
