MAGADAN SHIP REPAIR YARD NO. 2

The Magadan Ship Repair Yard No. 2 is located approximately 1.5 miles south of Magadan near the village of Marchekan at coordinates 59 32 05N - 105 46 20E.

Facilities at this repair yard include one small boat storage area, one pier, one gantry crane, one probable forge/foundry, several machine shops and four administrative/support buildings. There appears to be no out-of-water repair facilities or marine railway which would be required for any kind of extensive ship repair. The absence of these facilities indicates that only minor repairs are made at this installation.

Table one contains the description and dimensions of buildings at Ship Repair Yard No. 2. The items listed in table one are keyed to the attached line drawing (Figure 1).
