2. A detailed scan of [REDACTED] revealed no training or test facilities within the designated search area.

3. Two military installations were noted in the vicinity of Wu Hsi. Installation "A" (31 18N-120 21E) is divided into three separate areas containing a total of 120 barracks, numerous support buildings and an explosives storage area. Installation "B" (31 33N-120 12E) is divided into nine separate areas and contains a total of approximately 165 barracks, 8 major administration buildings, and numerous support buildings. Neither of these installations appears to include testing facilities or training areas.
