PREFACE

This report is one in a series on Soviet Ground Force and logistic installations being prepared for a DIA-CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) am<sup>2</sup> munition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

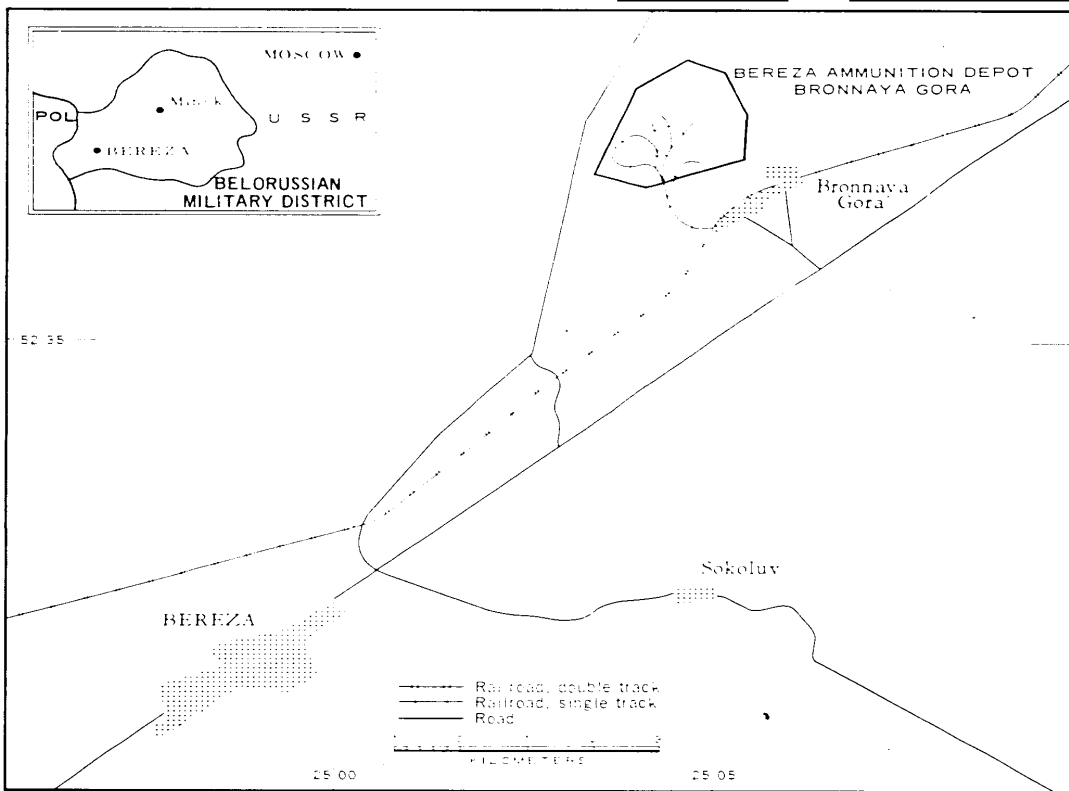

FIGURE 1. LOCATION OF BEREZA AMMUNITION DEPOT BRONNAYA GORA.

SUMMARY

25X1A

25X2

Bereza Ammunition Depot Bronnaya Gora is located 1.5 kilometers (km) northwest of Bronnaya Gora (52-37N 25-05E) and 11.5 km northeast of Bereza (52-32N 24-59E) on the north side of the Brest-Baranovichi rail line (Figure 1). The installation is served by a single track spur from the main line and has probable all-weather road access to the Brest-Slutsk highway. The Bereza Barracks Area, Vaselda (AL-2), is located approximately 13 km to the southwest.

site [redacted] located here and are secured by a double fence within the main storage area. A support area immediately outside the secured installation contains two administration, six barracks, 14 storage and 14 support buildings. This installation also contains an athletic field, a possible water tank, and a parade ground.

25X1D

The installation was covered by TALENT photography in [redacted] and five KEYHOLE missions between [redacted]. Significant changes since [redacted] include the addition of the five earth covered buildings, one building possibly to be earth covered, the [redacted] five barracks and five support buildings.

25X1D

25X1D

This installation covers approximately 770 acres enclosed by double and triple fencing and includes 49 ammunition storage buildings, one bunkered building, one high-bay building and one support building (Figures 2 and 3). The bunkered building and the [redacted]

DESCRIPTION OF INSTALLATION

Railroad Service

25X1D

activity has remained the same between [redacted]

25X1D

The area is served by a spur from the main line. The spur makes a loop within the storage area, and forms three sub-spurs to service all buildings in the area. A classification yard is located in the village of Bronnaya Gora.

General Storage Areas

Area E1 contains seven storage buildings located near the rail spur.

25X1D

Road Service

25X1D

Area E2 contains three storage buildings (one constructed between [redacted])

The installation is connected by a probable all-weather road to the Brest-Slutsk Highway.

Area E3 contains four storage buildings (all constructed between [redacted])

25X1D

Administration and Troop Housing Areas

Ammunition Storage Areas

25X1D

25X1D

Area D (Figure 3) contains two administration buildings, six barracks, and 11 support buildings. Five barracks and five support buildings were constructed between [redacted] and [redacted]. Track activity indicates probable occupancy of all buildings. The level of track

Area F1 contains 43 ammunition storage buildings (165 by 65 feet) and one support building. The ammunition storage buildings are well dispersed and readily accessible by rail or road. The buildings are neither bunkered nor revetted.
