No. 51-76

TITLE/SIGNIFICANCE:

A large new phased-array radar and an associated C-shaped radar/control building under construction have been identified at Pechora.

COMMENT:

Photographs of the facility in earlier stages of construction (continued on back) may assist the PI in early identification of other phased-array radar facilities. The radar is 103 meters in length. See IEG PI Notice 50-76 for overall view of the facility, support areas, and a map designating the HEN HOUSE search areas.
