SUBJECT: Department of Defense Directive S 6000.1

DC/MS talked to Com. Butler, BUMED Planning Staff, Code 131, Extension 6363<sup>1/2</sup> regarding Sec. Navy instruction 0063 00.1 which implemented Sec. Def. Directive. It seems that the Navy published and disseminated the salient features of the Directive without consulting CIA, thus nullifying its usefulness to us. Com. Butler will send Com. Stone to discuss the problem with me.
