20 May 1976

MEMORANDUM FOR: Director of ELINT

FROM : Michael J. Malanick, Associate
Deputy Director for Administration

Jim:

Am returning the attached material to you in accordance with our conversation of 20 May. As I advised you, Jack feels this matter should be referred to the IG's office for appropriate action. If you wish I can accompany you to Don's office when you present the case to him if for no other reason but to try to find out how Don intends to handle it. I would presume that Don will wait until [redacted] and his family return here to look into the matter in as much as it seems to be tamped down for the moment. This does, however, put Charlie Bohrer in a bit of a bind because he has to identify somebody for the [redacted] assignment soonest and he can't wait until this case is resolved. Therefore, Charlie has specifically asked that he be kept posted on each stage of the handling so that he can take appropriate and timely action.
