31 August 1976

MEMORANDUM FOR: ADMAG
FROM : 
C/Management & Assessment Staff, DDA
SUBJECT : Accreditation for Selected Agency
Training Courses
REFERENCE : DDA Objective submitted by ADMAG,
30 July 1976

STATINTL

1. The Director of Training has responded to the request for his comment on ADMAG's suggested objective: "Obtain college accreditation for Selected Agency training courses by the end of fiscal year 1977." In his memorandum he distinguishes between accreditation of courses from an accrediting body and the crediting of training courses by academic institutions on an individual basis. While he believes pursuing the former would be impractical and unnecessary, he endorses continuing the existing policy and procedures of OTR in cooperating with students with respect to the latter. Attached for your information is the Director of Training's memorandum and policy statement.

2. I very much appreciate the time and efforts expended by ADMAG in making this suggestion. Suggestions for objectives will be welcome at any time.
