### INDUSTRIAL USES OF ESP

Alumni and parents are invited to special lecture Wednesday evening, October 30, in the Seminar Room of the Alumni Center. Professor John Mihalasky of the Industrial Engineering Department, Director of the PSI Communications Project, will speak on business uses of extrasensory perception. Author of the just-published *Executive ESP*, Professor Mihalasky directs research at NCE in industrial uses of telepathy and precognition. He says, "We're not just looking at the PSI phenomenon--but wondering what we can do with psychic energy in terms of products and services." Join us for the free lecture at 8 PM, with questions and answers to follow. Coffee and cake courtesy of the Association.

Volume 9 Number 2

October 1974

### SATURDAY SWIM FOR ALUMNI

Starting October 12, the NCE pool is open to alumni families on Saturdays. According to Oleg Moiseenko '67, the swim and stay fit program for adults will be 9-11 AM; learn to swim for faculty, staff, alumni, children will be 11-1 PM; recreational swim for everyone 1-4 PM. It's best to call Oleg at the Phys. Ed. Department for arrangements. 645-5515

### A NEW YEAR, A NEW NAME: "NEW JERSEY INSTITUTE OF TECHNOLOGY"

It becomes official January 1, 1975. After extensive reviews, studies, polls--and a contest--the College Trustees have adopted a new comprehensive name. "New Jersey Institute of Technology," the designation which won a prize for alumnus Joseph M. Anderson, '25, has long been the frontrunner in the name change deliberations. NJIT was chosen to reflect the current broad range of the College's academic offerings. President William Hazell has said, "New Jersey Institute of Technology...is to be inclusive of Newark College of Engineering and New Jersey School of Architecture, with these names appearing as subheads wherever possible. The name...is most expressive of the current and visible future missions of the institution."

### HAWAII TRIP OPEN

The alumni office has been successful in obtaining an additional allocation of seats for our trip to Hawaii November 9-16. Please call immediately--645-5441--if you want to join the group. Costs: \$399 plus 15% tax and service per person. Reservations are at the Ilikai Hotel in Honolulu. Fees include your choice of dining spots in a dine-around restaurant plan.

### AND SOME NEW FACES

There's a new look at NCE for 1974-75: a large contingent of new students; a brand new School of Architecture, with its design studios temporarily on the fourth floor, Tiernan; and new faculty in a number of departments.

A notable addition is Dr. Robert A. Comparin, brought in from VPI as chairman of the Mechanical Engineering Department. And moving up is Dr. Leonard Salzarulo, new chairman of the Physics Department.

Dr. Comparin sees as his first major task the modernization of the ME instructional laboratories. At

## HAPPENINGS AT NCE

### FRESHMEN PARENTS COCKTAIL PARTY October 16

Parents of freshmen are invited to meet the NCE family at a cocktail party featuring as guest speaker Dr. William Hazell. Parents will meet members of the faculty and learn about the alumni/parent-sponsored Social Competence Program from Parents Association Chairman Don Ellis and Professors Herman Estrin and Arthur Shukur '58.

### ASEE MEETING November 2

Dr. Edward Monahan '58 has been masterminding plans for the autumn 1974 meeting of the Middle Atlantic Section of the American Society for Engineering Education. The all-day Saturday program will feature sessions on the theme "Technology and the Quality of Life." Host NCE offers an evening reception and activities for members' guests including a morning tour of the New York World Trade Center.

### WINE TASTING December 6

"Good wines at a reasonable price" is the theme for this year's alumni seminar on the Bacchanalian beverage--a good precursor for the holiday season. More details next month.

### VOLLEYBALL - BASKETBALL FOR ALUMNI Starting soon Sign up with Oleg Moiseenko, 645-5515

Volleyball: Tuesdays 6-8:30 PM  
Basketball: Thursdays 7-8:30 PM - LEAGUES  
Basketball: Tuesday nights - OPEN

## SPORTS NEWS

by Tom Reilly

### VARSITY ROUTS ALUMNI

Although stocked with outstanding players of past seasons, NCE's Alumni soccer team discovered that youth has its merits--the grads bowing to the current varsity team, 4-0.

The game was the 16th renewal of the alumni-varsity rivalry and 21 graduate lettermen participated. Among the alums were Andy Brown '60 and Andy Handwerker '63, former career scoring record holders. They saw Fabio Hurtado, the current record holder, score 3 goals for the varsity.

Oleg Moiseenko '67, assistant coach of the varsity, master-minded the grads. He had Rocco Kruslic and Pat Connell, both '73; Haci Ozbek and Dyric London, both '74; Andy Srodin '66; Lou DeVito '60; Bob Zlotnick '65; Jack Fernandes, Pete Svoboda, and John Rozembersky, all '72; Harry Habermas '70; Imants Kalnins '68; and Gerry Kurth '67 to choose from.

Traveling the greatest distance was Tony Baeta '69, who is currently studying medicine at the University of Lisbon, Portugal.

While the game was strictly for fun, it did indicate that the Red & White will field a strong team this year. Led by three-time All-American Fabio Hurtado and defensive standout Joe Griffin, the Highlanders meet 13 foes beginning September 21. Coach Mal Simon is seeking a repeat of last year's appearance in the NAIA nationals.

## SOCIAL COMPETENCE PROGRAM

Enrollments are rushing in for our Social Competence Program. Alumni President Warren Bergmann distributed almost 700 brochures to the freshman class on September 17. Upper classmen are signing up for speed reading, art of conversation, and horseback riding in large numbers, too. New this year is "Creative Photography," to be taught by NCE's new Director of Special Projects, Allan Reider, a professional photographer. The Phys. Ed. Department is handling enrollments in tennis; beginning skiing on the Ski-Dek; and small boat handling and sailing on the *Sunfish*. Classes start October 9.

**PLACEMENT SERVICE**

The facilities of the NCE Placement Office are available to all alumni. Appointments can be arranged by calling 645-5200. Alumni may place "job wanted" ads in the Newsletter free of charge, space permitting. In placing the ad, please limit the description of the position you seek, your degree, and your work experience to 35 words. Also include a resume which we will forward to our Placement Office where it will be kept in an active file.

0191  
 DEGREE: IE  
 TITLE: Industrial Engineer  
 LOCATION: Newark  
 DUTIES: Will eventually become quality control manager in charge of all QC inspectors within a manufacturing operation  
 EXPERIENCE: 0-1 year  
 SALARY: Open

0184  
 DEGREE: EE, Eng. Sci.  
 TITLE: Systems Engineer  
 LOCATION: Rochelle Park  
 DUTIES: Software and programming systems  
 EXPERIENCE: 0-2 years  
 SALARY: Open

0183  
 DEGREE: EE  
 TITLE: Design Engineer  
 LOCATION: Jersey City  
 DUTIES: Design of decorative lighting systems--manufacturing methods  
 EXPERIENCE: 3-5 years  
 SALARY: Open

0222  
 DEGREE: All  
 TITLE: Field Program Administrator  
 LOCATION: Algeria, North Africa  
 DUTIES: Educational administration, international banking, and contract administration for institutional building programs in North Africa  
 EXPERIENCE: Must be experienced in above areas, fluent in French  
 SALARY: Open

**NEW FACES (cont.)**

present he is getting to know his students--and seeing just what the labs need--by teaching Mech Lab 2. Dr. Comparin's particular area of research interest is fluidics. He's currently working on a long-term research project on contaminants in fluidic devices.

Dr. Salzarulo, BSChE '51, MSChE '53, has been teaching at NCE for twenty-one years. He completed his doctorate at Brooklyn Polytechnic Institute in 1966, subsequently conducting post-doctoral research in ionic transport. Looking at the Physics Department, Dr. Salzarulo sees a need for an extension of nuclear studies and a move toward nuclear technology in the BSET program. He hopes to stimulate interest in the master's degree in Physics. Dr. Salzarulo's special area of interest is the application of physics to medicine; he's currently working with researchers at the NJ College of Medicine.

### ALUMNI FEEDBACK '74

You are an important resource for our students. Please meet with this year's seniors in the informal setting of Thomm's Restaurant to talk about your recent experiences in the job market. What can they expect next June? Your advice may prove a vital contribution to important career decisions made this year. Join them at our alumni beer and pretzel rap.

ALUMNI FEEDBACK '74 - THOMM'S RESTAURANT - 80 PARK AVENUE - NEWARK, NEW JERSEY - THURSDAY EVENING, NOVEMBER 14 - 7:30 PM - FREE BEER AND PRETZELS -

Please mail promptly to: NCE Alumni Association, 323 High St., Newark, NJ 07102

YES, I will attend the Alumni Feedback '74 Beer and Pretzel Rap.
