Dr. Ken Kress

STAT

Dear Ken:

Enclosed is some information on the Prague conference (First International Congress of Parapsychology and Psychotronics) coming up in June, for which I have an invitation. Russ and I have discussed it at some length and think it would be desirable for one or both of us to attend. Since most people are aware of our work with Geller, it would provide good leverage in corridor shop talk to get good information on the latest work going on.

Since funding is always a problem, I thought I would check with you on the possibility of funding it on the short term task project we have used in the past. If a detailed report is of interest to you, then it could be of mutual interest. The round trip excursion fare is around \$680, so it could be done for approximately \$900 per person.

If the idea appeals to you, please let me know.

with best regards,

Dr. H. E. Puthoff
