Official Diary

Tuesday, 19 August 1952

1. Informed the DCI that the NSC meeting scheduled for Wednesday and the IAC meeting scheduled for Thursday had both been cancelled.

2. At the Deputies' meeting, mentioned the request of the Progressive Party Candidate Hallinan for a CIA briefing.

3. Chatted by phone with Col. Edwards respecting 25X1A2g
and Col. Edwards reported to me on arrangements being made to bring in the
[REDACTED]

4. Arranged with [REDACTED] to continue our survey of his intelligence organization at 2:00 P.M. on Monday, the 25th, and later informed the IADs.

5. At the request of Mr. Amory, asked Mr. Wolf to expedite signature of the O/RR revised T/O, which had been agreed to by all concerned.

6. The Director at the Deputies' meeting mentioned his reply to a recent cable from [REDACTED]

7. Attended meeting with representatives of G-2 (Col. Whipple and Col. Saunders) and CIA officers (Amory, [REDACTED] Chadwell, Andrews 25X1A9a and Reber) respecting CIA contacts with the various Technical Services. Thereafter, it will be satisfactory if direct contact is made with people in the Services, so long as advance notice (which may be short and may be by phone) is given to someone to be designated by Whipple and Saunders. Dr. Andrews (Liaison Division) is also to be kept advised of such contacts so that his Division will have a consolidated listing. The representatives of G-2 displayed a complete willingness to cooperate, so long as CIA complied with certain minimum formalities. It was agreed that this arrangement would not be reduced to writing.

8. Discussed with Messrs. [REDACTED] the question of OB reporting which was raised by a recent article on the different composition of Russian and Chinese air divisions and regiments. This problem had been avoided on ground OB by reporting in terms of manpower, rather than organizational units. This had not been done in the case of Air, as a result of which our reports could be misleading to consumers. Hendrickson is going to study this problem and then submit appropriately-revised recent O/CI reports to indicate what might be done.

ligence Office, requested a list showing distribution of NIEs. He explained

outside the Agency, but would permit him to inspect it in this office.
