Official Diary

Monday, 30 March 1953

1. At the Deputies' meeting, reported on the minor revolt at Salama, Guatemala. The situation appeared to be in control of the Government and there was no indication that it was related to plans of neighboring countries.
2. After explaining the background, obtained DCI's approval to bring the question of whether or not CIA should continue the ERS staff activity (which is being dropped by State) before the PSB at its meeting this next Thursday.
3. Informed DCI that I had a number of USCIB matters to take up with him, but would defer them until after his budget meetings in mid-week.
4. Mr. Wisner requested that  be briefed on the route folder program and I made appropriate arrangements.
5. There was a brief discussion at the morning meeting of public opinion polls and DCI was informed that an inter-Agency meeting would be held on this in the near future.
6.  Secretary of USCIB, checked with me the communication to USCIB respecting a forthcoming conference and I approved the same, subject to one minor amendment.
