Assistant Director for Research and Reports

Personnel to be Approached for Positions in O/RR

1. I would appreciate it if you could make contact with the following people, all of whom have been highly recommended to me as suitable candidates for employment in O/RR. To the best of my knowledge none of these people has been approached by me or anyone else to determine their interest in joining CIA. Since this is the time when academic people are making their plans for the coming academic year, it is desirable that the approach be made as soon as possible. I am not sure of precisely how I would use each of these people if they could be persuaded to join us, but I would like some indication as to whether they would be interested in considering jobs involving the economic analysis of foreign economies in this agency.
