a. Data are the latest available information compiled from Commerce figures for the year 1954. Coverage from reported trade statistics is still incomplete. West Germany (except for Jan-Dec. imports from the Soviets of Germany) has reported for January-September. Brazil, Greece and Iceland have also reported only for January-September. Indonesia, Iran, and Yugoslavia trade data is for January-June. All other reporting countries are for January-December.

b. Commodity detail in this column represents imports to the Free World from the European Satellites. The country exporting the commodity has not been specifically identified.
