To: [REDACTED]

30 January 1969

27 August 1968

Basic operational requirements for a HF staff emergency radio (HFSER) were defined. (See OSS M68-906 attached.)

25X1A

[REDACTED] agreed with the conclusions of the working group and directed that the matter be presented to the OC Equipment Board.

2 October 1968

25X1C

Equipment Board meeting 3-68 was scheduled for 2 October in order to discuss the HFSER. The meeting was cancelled. Subsequently, on 4 October, meeting 3-68 was held. However, instead of discussing the HFSER, the meeting was devoted exclusively to the [REDACTED] equipment layout controversy.

13 November 1968

Equipment Board meeting 4-68 was held on 13 November and the HFSER was presented to the Board. The Board concluded that the Engineering and Telecommunications Staffs should work to produce specifications. The minutes of this Board meeting are attached. Please note [REDACTED] comment on page three of the minutes.
