

SECRET

24 October 1975

MEMORANDUM FOR: Executive Secretary, USIB

SUBJECT: National HUMINT Plan

1. Attached is the latest draft on the National HUMINT Plan outline, now called, "The National Human Resources Foreign Information Plan." Many of the comments made by members of the IC Staff to my draft paper proposing a major upgrading for the Human Sources Committee have been incorporated into this draft.

2. It is hoped that this draft will be the last circulated within the IC Staff prior to its being addressed formally by the Human Sources Committee and its member departments and agencies. Following major contributions by the Human Sources Committee and continuing action by the HUMINT Branch, later drafts will be circulated for final comment and coordination.

3. Your comments are requested by COB 7 November. ✓
