MEMORANDUM FOR: (See Distribution)

SUBJECT : Status of Interagency Intelligence
Memorandum, "Prospects for Soviet Inter-
ference with US Space Systems During
Crisis or Conflict"

1. The working group has concurred with the revised final draft which will be sent out shortly with a cover memorandum for telephonic concurrence. All issues have been resolved; in particular, there is consensus text on the assessment of the Sary Shagan laser.

2. The new study of satellite interference in peacetime will be initiated soon, probably in January. [redacted] NSA, has been proposed as the study leader.

3. It is recommended that CIA concur on the IIM.
