MEMORANDUM FOR: Office of National Estimates

SUBJECT : WH Division Comments on 31 August 1972
ONE Memorandum on Chile

1. As you know, the Division is under instruction from the ADDP to cooperate and participate actively with ONE in the preparation of all papers concerning Latin America. While we were involved in the discussion on the first draft of subject paper and we did receive a telephone call on the final version, apparently considerations of time did not permit us to see the final product.

2. In this case, we certainly would not wish to quarrel with something already in print but we do feel you should take note of the following two points:

MEMORANDUM FOR: Mr. Colby

I thought you might want to take a quick glance at this short paper on Chile which [] wrote almost exactly a year ago. The substance is still remarkably fresh, and, more important, the approach is one we should keep in mind as a model for future work -- especially some of the work we will soon be doing in O/PR. Clearly this is a technique that has appeal for the new Secretary of State (see his comment).
