MEMORANDUM FOR: Chief, Intelligence Institute

SUBJECT : DD/A Management Conference--"Dependents'  
Orientation Course"

1. The following is an extract from the draft minutes of the 21 November OTR Management Conference prepared by the DD/A Plans Staff: "There was then a discussion of a new objective. OTR believes there is a requirement for a Dependents' Orientation. They do this in part for CT wives now. OTR's draft objective will be reviewed and revised slightly, especially in Milestone No. 2. It will eventually be presented to the Management Committee by Mr. Blake for their comments."

2. OTR/PDS's notes on the discussion of a new objective show that it was agreed to eliminate in OTR's draft objective the Milestones after No. 2 and change Milestone No. 2 to read, "Submit course model to the DD/A for review and approval." After the review and approval, additional Milestones would be determined and added to the action plan.
