construction of the City of Minsk, and the Main Administration of Construction of Industrial Enterprises.

The 1948 plan for contract construction and assembly work was fulfilled by Republic construction organizations as follows:

	48 Plan in %	48 Plan in % of 47
Ministry of Civilian Housing Construction	80	118
Main Administration for Reconstruction of the City of Minsk	103	150
Main Administration of Construction of Industrial Enterprises	102	167
including:		
"Beltraktorstroy" (Belorussian Tractor Plant Construction)	115	208

During 1948, construction of 247,000 square meters of State housing was completed. In addition to this, the population constructed with their own savings and on State credit a total of 168,800 square meters of housing in cities and settlements and also 48,600 houses in rural areas.

Agricultural work was better organized in 1948 than in 1947. The amount of seeded area increased. The plan for sowing winter crops for 1948 harvest was fulfilled 104 percent by kolkhozes and the plan for increasing plowing was fulfilled 115 percent.

The plan for the repair of the machine-tractor park and agricultural machinery was fulfilled. Kolkhoz fields received twice as much fertilizer as in 1947.

The 1948 plan for freight transport was fulfilled 94 percent by the Ministry of Automobile Transport, Belorussian SSR. Transport in 1948 amounted to 117 percent of that of 1947.

In 1948, the number of streetcars in cities of the Republic increased 50 percent over 1947. The extent of the streetcar lines increased 40 percent, and 120 percent more passengers were transported than in 1947. The year plan for the transport of passengers was fulfilled 129 percent.

Trade turnover in State and cooperative trade increased from month to month during 1948. The volume of retail trade turnover increased 18 percent in the fourth quarter 1948 as compared with the first quarter, including 46 percent in consumers' cooperatives.

During 1948 cooperative trade increased at a rapid pace in the cities. Its volume was 46 percent greater in the fourth quarter than in the first quarter.

In 1948, sales of agricultural products in kolkhoz markets increased over 1947 as follows: milk, 22 percent; meat, 18 percent, eggs, 2 percent.

As compared with 1947, retail prices of agricultural products were greatly reduced: flour and potatoes, 93 percent; milk and eggs, 63 percent; beef, 53 percent.
