TABLE OF CONTENTS FOR
"CONTROL AND MEASURING INSTRUMENTS USED IN OIL REFINING"

V. A. Nikitin
 Gostoptekhnizdat
 1948

50X1-HUM

This handbook contains basic theoretical and practical data on control-measuring instruments used in oil refining. It is profusely illustrated with operational diagrams of individual instruments. Designed for technicians and foremen concerned with the installation and exploitation of control-measuring instruments, it may be used by students in technical schools for petroleum workers.

TABLE OF CONTENTS

| | <u>Page</u> |
|---|-------------|
| Preface | 3 |
| Part 1. PRESSURE AND VACUUM MEASUREMENTS | |
| Chapter I. Definitions and Classifications | 5 |
| 1. General Data | 5 |
| 2. Units of Pressure | 6 |
| 3. Classification of Instruments for Measuring Pressure | 7 |
