ULANCHAP LEAGUE HOLDS DELEGATES CONFERENCE;  
COUNCIL APPOINTS INNER MONGOLIAN LEAGUE OFFICIALS

SETS 1950 GRAIN GOAL --- Shanghai Hsin-wen Jih-pao, 21 Apr 50

Suiyuan, 19 April (Hsin-hua) The first All-Circles Delegates' Conference of the Ulanchap League of Suiyuan Province was held from 4 to 14 April 1950. It was attended by 120 delegates representing Mongol Chinese and Moslems, racially; and farmers, shepherds, lamas, and princes, socially.

The spirit of the conference from beginning to end was one of democratic unity. On the agenda were 120 items that were brought in for discussion by the delegates. In the light of the needs of each section and the collective circumstances of the league these questions were discussed and solutions offered.

One item discussed and adopted was the goal of cultivating an area equal to last year's and allowing no land that has hitherto been cultivated to lay idle. The grain goal was set at 300,000 market piculs /33 million pounds/ in 1950.

The delegates called on the Autonomous People's government of the league to train cadres and organize working teams among the agricultural population for agricultural advancement and promote it by loans at low interest for seed, equipment, and animals. The farmers should rent work cattle from the grazers. Production committees should be organized in all village areas.

Under the slogan of increasing both human and animal population the grazers should organize wolf hunts. The conference set 6 - 21 June 1950 as a period for a general wolf hunt throughout the league, with a goal of 1,070 wolves to be killed. The bounties were set at one tan of millet for a wolf and half a tan for a whelp.

The conference voted to ask the league government to organize traveling teams of medical workers to treat the universal affliction of venereal disease and veterinary teams to treat the various stock diseases among the Mongols.
