1. From 1 to 11 January 1953, the panzer kaserne in Burg was occupied to capacity by troops wearing red-bordered black epaulets with tank insignia. Between 9 a.m. and 9:30 a.m. cn 2 January, 30 soldiers were clearing snow, about 30 soldiers engaged in various duties and 25X1 about 60 had fallen in in front of building No 8. On 6 January, about 30 troops received instruction on a model tank. At about 10 a.m. on 10 January, 30 soldiers were drilling with carbines in the barracks yard and 30 soldiers were not engaged in any special duty. Sixty soldiers. [25X1] armed with submachine guns, marched toward 25X1

25X1

2. From 1 to 11 January, the Artillerie Kaserne was occupied to capacity as previously. About 60 to 90 percent of the windows of the barracks buildings were lighted after nightfall. On 2 January, 90 troops wearing red-bordered black epaulets with artillery insignia were marching in the barracks yard, and 30 troops wearing red-bordered black epaulets with artillery insignia fell in in front of building No 1. Two 100-um AT guns were seen near building No 8. On 6 January, 60 soldiers not engaged in any duty were seen in the barracks yard, and 30 soldiers were firing with carbines at the suedplatz (south square). Sixty soldiers wearing red-bordered black epaulets practiced with aiming circles in the area of the Kraehenberge. The area was marked by red flags. Motor vehicles leaving the installation on 9 January toward Altengrabow included. 25X1 occupied by a major and a lieutenant colonel sedans respectively. Both officers wore red-bordered black epaulets with artillery loaded with equipment, possibly sighting \_\_\_\_\_\_ each occupied by 20 soldiers wearing insignia; and trucks mechanisms; and red-bordered black epaulets with artillery insignia. Three prime movers, 25X1
