	railroad station to the Luftmachrichten Kaserne on 26 January. 5	
	On 30 December, 3 JS-2 tanks moved out of the Hermann-Goering Kaserne, 1 km south of Klotzsche, for practice driving on Auf dem Heller. A tank unit was quartered in the southermost section of the installation. Source believed that the barracks section north of the southermost section quartered a unit whose personnel wore red-bordered black epaulets and was equipped with armored scout cars and armored personnel carriers. Source believed the Hermann Goering Kaserne and former Napola to have quartered a total of about 3,000 troops who were red-bordered black epaulets. 7	25X1
14.	On 26 December, the Her ann Goering Kaserne quartered about 1,000 troops, according to source, a tank unit. Six soldiers wearing redbordered black epaulets and carrying submachine guns and spades left the installation through the southern gate toward the Heller area on 20 January. About 30 soldiers engaged in firing practice in the northern section of the installation on 26 January. All quarters were lighted at nightfall.	
	On 17 January, the Napola in Klotzsche quartered a headquarters. Almost	
15.	all quarters were lighted at dusk. About 30 soldiers wearing red-bordered black epan ets left the installation toward the Motzsche railroad station on 29 January. Trucks coming from the direction of Dresden, stopped in front of the Napola. The two vehicles carried about 40 soldiers with rifles and submachine guns who marched into the Mapola,	1
	while the trucks returned to Dresden.	25X1
16.		25X1
17.	On 30 December, 2 T-34-tanks were observed on the training grounds north of the Koenig Georg Kaserne. Eight soldiers each practiced aiming with 2 AT guas. Heavy noise of hammering was heard from the workshops in the installation 2 January. Tractice firing was heard from an undetermined target range southeast of the barracks installation.	on i
18.	name was between Washington Strasse and Scharlehberger Swidese. They	
	predominantly practiced aiming at air and ground targets. The exercises showed a high degree of training. On 2 January, the gun crews consisting of 6 officers and 38 EM marched to the barracks installation in Uebigau. Four man remained with the guns.	
19	On 26 January, the Luftmachrichten Kaserne was occupied by about 3,800 to 4,000 troops who wore red-bordered black epaulets with artillery, tank of motor transport insignia. About 300 soldiers drilled in the billeting area on 17 December 1952, and a T-34 tank was seen near a garage on 20 December.	•
• ** .	on 17 December 1952, and a 1-34 tank was seen head a garden to a soldiers cleaned 2 x 85-mm AA guns on 21 December, 3 groups of about 25 to 30 officers and about 1,200 men each fell in in the barrecks yard.	25X1]25X1

!5X1	6.	Comment. The unidentified signal regiment of the First Gds Mecz	
25X1 25X1		now. However. who reports on this installation does not support this assumption.	
25X1	7 .	comment. The observations in paragraph 13 fairly definitely show that the Hermann Coering Kaserne quarters the 40th Gds Tank Regt and, presumably, also the 9th Gds Mtrcl Bn, of the 11th Gds Tank Div. The occupation strength of 3,000 men indicates, however, that still other units are located there, possibly, the 27th Gds Mtz Rifle Regt whose post was undetermined until now.	
25X1	8.	Comment. Previous information also indicated that the Hq 11th Gds Tank Div was stationed in the Mapola. See	25X
