At Dadilov (Daita) 30 brick sheds with tin roofs have been built as a depot for motorized guns. The buildings are located behind a small woods approximately one-half km. deep, beginning 20 to 30 meters before Mihai Bravu station on the Bucharest-Giurgiu railroad. Near the sheds are some old buildings formerly used as barracks for the 22 Artillery Regiment. To the left there is an artillery firing range. The new buildings are reported to be 30 meters long by 12 meters wide.
