SECRET,

<u>27 August.</u> Eetween 9 p.m. and midnight, there was air activity by MiG-15s, which included practice firing at an air sleeve. The sleeve target was towed by a MiG-15 and was cought in the beams of two searchlights.

<u>30 August.</u> No flying was observed during the daytime. Sixty to 70 MiG-15s were parked at the northern edge of the field. The aircraft of the alert flight

- 2. On 8 August, several semi-underground temporary wooden buildings, each 8 x 5 x 2 meters, were observed in the bomb dump just west of the Finow-Fiesenthal road and south of the railroad line. Freviously, about 12 stacks of bombs had been observed there. 2
- 3. Two radio installations located in wooden buildings were observed sideby-side on the former Spechthausener Strasse in Finowfurt. About 150 meters north of kilometer marker 6.6 on the Finow-Finowfurt road a concrete bunker housing a signal or radio installation was observed in the open field. From the bunker, a line extended to the Finowfurt post office. A headquarters probably belonging to the airfiele was housed in the former Finowfurt estate.³ On 23 and 30 August, the AA gun emplacement near kilometer marker 1.3 just west of the Finow-Biesenthal road was vacated. The underground bunkers of the emplacement were empty. 4

7 August. Between 6 a.m. and 7 p.m., 2 Yak-11s made individual flights and MiG-15s were observed in formations of fours. At 5:30 p.m., 25 MiG-15s took off, assembled in formation and headed in a northwesterly direction. As of 7 p.m. the formation had not yet returned to the field.

<u>S August.</u> Between S a.m. and 7 p.m., there was intensive air activity by FiG-15s flying in formations of twos and fours. At 12:30 p.m., 31 MiG-15s were parked at the eastern end of the runway. 4 MiG-15s at the site of the alert flight and about 12 MiG-15s and 6 Yak-11s at the norther edge of the field. At the same time MiG-15s or U-MiG-15s were observed aloft.

25X1

A railroad car loaded with stone chippings was observed on the spur track at the eastern edge of the field and was being unloaded by air force soldiers.

<u>10 August</u>. Petween 8 p.m. and midnight, about 10 MiG-15s with position lights burning practiced formation flying in elements of twos.

<u>11 August.</u> There was intensive air activity by MiG-15s. Formations of twos and fours were seen. The weather was fair.

12 August. Petween 8 a.m. and 7 p.m., MiG-15s made about 100 flights in formations of twos and fours. Weather was fair and visibility good.

13 August. Between 2 a.m. and 9 a.m., night flying was conducted by biplanes from Finow-Nord airfield. Between 8 a.m. and 7 p.m., MiG-15s made individual local flights and formation flights in flights of two.

14 August. MiG-15s practiced flying as on the preceding day. Two Yak-11s made a formation flight.

15 August. In the morning, 6 biplanes from Finow-Nord airfield practiced flying.
