1. A munitions dump is situated in a woods about 1 kilometer southwest of Ujezdec near Klatovy. It is strongly guarded by a contingent from the Klatovy garrison. A new munitions dump is being built at Loreta near Luby, Klatovy district.
2. At Klatovy, houses were requisitioned to accommodate officers and two hotels were converted into soldiers' lodgings. The garrison here is now stronger than in post-war years and consists of infantry, artillery, and tank units.
3. At Votice, a former mansion house has been converted into barracks for a tank unit. About 100 hectares of wood and farmland in the outskirts of Votice are being used as a training ground, possibly for tanks.
4. A castle at Tynec near Klatovy is being used as a barracks for a motorized unit.
5. An infantry garrison is lodged in wooden military barracks at Janovice. New barracks are under construction.
6. Nyrsko has an infantry garrison.
7. It is alleged that more military units are based at Susice at present than at Klatovy. A headquarters of a higher military command is located here.
8. According to inhabitants of the region, the number of military units near Klatovy and Susice is steadily increasing.
