1.  Comment. Uranium ore deliveries to the USSR. 25X1
2.  Comment. Deliveries of raw materials to the Steel Foundry East at Fuerstenberg/Oder. 25X1
3.  Comment. Probably deactivated 57-mm AT guns returned to the USSR. A similar shipment was observed  on 29 May 1954.  25X1  
25X1
4.  Comment. Ammunition shipments from the USSR. The shipment observed on 17 May was consigned to Soviet units at the Lieberose troop training grounds. The shipment observed on 21 May will be forwarded from Frankfurt/Oder to some other place in the GDR.
5.  Comment. This shipment is possibly identical with a shipment of armored personnel carriers observed on 18 May 1954. 25X1
6.  Comment. Deliveries by East German hydrogenation plants to the USSR. 25X1
7.  Comment. Since a Soviet ammunition depot is located at Altenhain, the shipment may have consisted of empty brass returned to the USSR.
8.  Comment. It is not believed that these trucks were manufactured at the EMW (formerly BMW) automobile plant at Eisenach since only motorcycles and sedans are manufactured at this plant. 25X1
9.  Comment. Deliveries by East German railroad car factories to the USSR. The Soviet-gauge wheel sets carried along on flatcars will be used on the Soviet railroad system. 25X1
