REMARKS

This is UNEVALUATED

On 25 June 1954, a train loaded with 50 to 60 field howitzers of about 122 mm stood on the loading ramp at Jueterbog railroad station. The shipment included two boxcars with escort personnel who wore red-bordered dog tags with artillery insignia.

Comment. The assumption that the shipment was about to be dispatched is believed incorrect. It is rather believed that the information refers to the arrival of 58 x122-mm howitzers from the USSR which was reported previously.
