		O. From 7 to 13 August, Mechanized Division Eggesin is scheduled to conduct AA firing on Derss in Zingst.
	- ··· .	1. <u>Comment.</u> The tanks belong to mechanized regiments and the motoreycle battelion. Another report mentioned a total of 25 or 30 tanks. Receivers of the tanks may be the tank officer school in Grossenhain and the tank technical officer school in Erfurt. It is assumed that the elements of Mechanized Division Eggesin turned in T-34/76 tanks and, in return. received T-34/85 tanks which are also called as T-43 tanks.
	2 7	2. <u>Convent</u> . The regimental exercises mentioned are believed to have been convind-post exercises, since no heavy Weapons were identified in connection with the exercises.
