REMARKS

This is UNEVALUATED Information

25X1

1. On 20 December 1954, Schoenefeld airfield was occupied by 16 Li-2s, 2 twin-engine commercial aircraft, 4 biplanes and 1 high-wing monoplane. There was no air activity. Visibility was limited to 1 km and it rained.

25X1

Comment. It is believed that Schoenefeld airfield is still occupied by a transport regiment and a transport and courier squadron equipped with Li-2s. The field is also used by aircraft of airlines of the USSR and some Satellite countries.
