Bruck on the Leitha River.

1. On 19 March 1955, 16 gun barrels belonging to armored vehicles were seen under the sheds at the barracks installation southeast of the Bruck on the Leitha River railroad station. A T-34/85 tank stood in the barracks yard. Only little activity was observed at the low wooden buildings southeast of the kaserne. Vehicular traffic included sedan [] and truck [] driven by soldiers with black-bordered red epaulets, van-like truck [] driven by a soldier with red-bordered black epaulets, and jeep []. Officers seen at the camp in the woods included two lieutenant colonels and three majors with black-bordered red epaulets, a lieutenant colonel with red-bordered black epaulets, a lieutenant colonel with black-bordered black epaulets, and two majors wearing red-bordered black epaulets with artillery insignia. Vehicles observed included jeeps [] and [] and truck [] driven by soldiers with black-bordered red epaulets, jeep [] driven by a soldier with black-bordered black epaulets, and truck []. Two soldiers with black-bordered black epaulets came from the camp in the woods and entered the signal equipment depot at the former canned goods factory. Sedan [] driven by a soldier with black-bordered red epaulets was parked in front of the Komendatura.

Kagrán.

2. On 16 March, no activity was observed at the Karls Kaserne at Kagrán. The sheds of the cantonment were empty. The AAA section of the installation was occupied.

Vienna X.

3. On 12 March, no vehicular traffic was observed at the Trost Kaserne in Vienna X. The kaserne was apparently vacant. Only seven tank trucks were parked on the training ground south of the installation.

[] Comment. The report confirms the previous observations. []
