REMARKS

This is UNEVALUATED Information

1. There was no change in the occupation or activity of the central air force depot on Hegermuehlen Strasse, Strausberg. Between 21 February and 4 March no shipments of jet engine crates were observed. No test runs of engines were made. There was only light traffic at the depot. It was noted that mainly empty motor vehicles arrived. During the daytime, only very few shipments left the installation.
2. The following trucks entered and left the depot between 21 February and 4 March:
 - a. Incoming.

25X1

21 February. At 1125
with trailer, all empty

25X1

24 February.

b. Outgoing.

4 March. At 1700, [] with canvas-covered load.

25X1

3. Between 0800 and 1700 on 4 March, 1 empty truck with trailer and 3 trucks, including 2 empty and 1 possibly loaded, entered the depot and 1 truck with trailer with undetermined load and 2 trucks, including 1 which was possibly loaded and 1 with undetermined load left the depot.

4.

25X1

5. During the reported period, no incoming or outgoing shipments were observed at Strausberg railroad station.
6. There was no change in the occupation or activity of the gun repair shop (in the former aircraft repair shop) on Hegersmuhlen Strasse in Strausberg. All personnel seen there wore red-bordered black epaulets without artillery insignia. At 1000 on 22 February, one [] tractor towing an 85-mm AA gun left the installation.
7. During the reported period, there was apparently no firing at the firing range south of the gun repair shop.
