SUBJECT	New Railroad Track and New Line of Grid Pylons Outside Mszczonow	DATE DISTR.	16 June 1955
DATE OF INFO.		NO. OF PAGES	1
PLACE ACQUIRED		REFERENCE NO.	RD
DATE ACQUIRED		REFERENCES	This is UNEVALUATED Information 25X1

SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

- At Mszczonow, at 666584 (Sheet P15, 1:100,000, Edition 3 AMS) a new single-track full-gauge<sup>1</sup> railway line has been laid immediately south of the town running southeast-northwest. Electric signalling is employed. The main road is carried over the railway by earth ramps and a small bridge<sup>2</sup>. 25X1
- At 995440 (Sheet P14) a new line of grid pylons, 3-line type, has been erected, running across the road in a northwest-southeast direction. The electric lines have not yet been mounted. This line of pylons is additional to an old line of the same type which runs in an east-west direction and crosses the road 1 km. further to the southwest.

Comment: It is assumed, subject to confirmation, that "full gauge" means standard gauge. 25X1

- The road bridge is thought to be of brick tunnel construction.
