The following chart shows the 1955 development program for the Development Offices of VEB Otto-Buchwitz-Werk Dresden, VEB Schaltgeraetewerk Muskau, VEB Elektromotorenwerk Dessau, and VEB Elektromotorenwerk Goelligen. The Development Offices are directly responsible to the Central Office for Development and Construction of Electrical Machinery, which is under the Main Administration for Electrical Machine Construction in the East German Ministry for Heavy Machine Construction. The 1954 plan numbers of projects carried out in the year are given for the sake of comparison.
