	the field at an altitude of about 400 meters and dropped the sleeve target over the southeastern and of the runway. After another circuit over the field, the MiG-15 landed from southeast to northwest at 1558. During the sir activity, 1 red fire truck and 1 Moskovich-type van-like truck were parked at the southeastern end of the runway. At about 1600, the aircraft which were parked on the parking sites north of the northwestern end of the runway were trucked on the taxiway to the dispersal south of the northwestern end of the runway.	
30	The following motor vehicles were parked in the yard of the cantonment south of Strasshof railroad station:	2
	Nanelike truck with windows painted in a black and white checker board pattern	2
	tank trucks were parked in the yard of the garage at the eastern ontrance of Deutsch Wagram	2 2 2
	There was intensive traffic by Soviet soldiers.	_
4 <u>a</u>	Between 0800 and 1500 on 25 May, 38 MiG-15s were observed at Deutsch Wagram Airfield. There was a 4/10 overcast at an altitude of about 2,000 meters, a southeasterly wind of about 5 km/h, and clear visibility. Between 1000 and 1211 there was air activity by MiG-15s which took off and landed from northwest to	2: L,
