1. The First SED Party Secretary of the East German Ministry for Heavy Industry - Horet Boettger - is leaving the Ministry in the near future to attend a Party school for the next three years. During his absence, Boettger's deputy - Drella (fnu) - will take over the functions of First Party Secretary in the ministry.
2. Willi Salzer, Technical Director in the Main Administration for the Iron Industry, will go to the VEB Edalstahlwerk Deehlen as Technical Director as soon as his current vacation is ended. Salzer has apparently swallowed his original objections to the transfer. He intends, however, to keep his apartment on Stalinallee. 1
