1. [redacted] Comment. The shipments continue the supply of T-54 tanks from the USSR. The three shipments of 15 and 17 August 1955 are probably identical with tank shipments in a previous report. [redacted] No definite conclusion on the receiving station of the shipment on 15 August can be drawn, since the reference report mentioned Satzkorn instead of Halle as receiving station. [redacted] 25X1

2. [redacted] Comment. The shipments contained uranium ore which was delivered to the USSR from the Saxony Uranium Mining District. 25X1

3. [redacted] Comment. The shipments continue the supply of Eisenkombinat Ost with iron ore. 25X1

4. [redacted] Comment. The shipments consisted of motor vehicles delivered by automobile factories in the GDR. 25X1
