ATE OSTAINED PREPARED 8 September 1955 PREPARED 1. Between 1400 and 1800 on 17 August 1955, 29 M at Aspern airfield. The weather was partly older than a september 1955 EMARKS 1. Between 1400 and 1800 on 17 August 1955, 29 M at Aspern airfield. The weather was partly older than 1955, 29 M The ground radio stations had been removed. The ground radio stations had been removed. Sheds and lean-to roofs were torn down and fuel tanks and temporary buildings at the fuel depot dismantly only 8 to 10 trucks were observed. 2. Between 1000 and 1050 on 18 August, 28 MiG-15s were counted at Aspern airfithers was clear and cals weather and good visibility. Individual Mid-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Emiserset and Fishnet sets were dismantled, but an unbrella-type antenna had been erected newly. Truck are miscalled the completed. The Emiserset and Fishnet sets were dismantled, but an unbrella-type antenna had been erected newly. Truck Therefore the completed in loading procedures at the field. 3. No changes were observed at the Feather "Home for Aged People" at Gross Ensersdorf military post. An antenna with a diploe girler in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Gomment. It appears as though Aspern airfield is to be evacuated so		ALUATION_
1. Between 1400 and 1800 on 17 August 1955, 29 M. EMARKS 1. Between 1400 and 1800 on 17 August 1955, 29 M. Endarks 1. Between 1400 and 1800 on 17 August 1955, 29 M. Endarks The ground airfield. The weather was parity old the unit was, and good visibility. Ro air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torn down and fuel tanks and temporary buildings at the fuel depot dismantl Only 8 to 10 trucks were observed 2. Between 1000 and 1050 on 18 August, 28 MiG-15s were counted at Aspern airfilatives as celear and cain weather and good visibility. Individual Mid-15s were na loft. It seemed that preliminary work for the evacuation of the airfield was completed. The Enderset and Fishnet sets were dismantled, but an unbeals were observed at the Fermer "Home for Aged People" at Gross Enseradorf military post. An antenna with gradies at the radio station and the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations.	TENT	TE OF CON
1. Between 1400 and 1800 on 17 August 1955, 29 Km at Aspern sirfield. The weather was partly old the mass and good visibility. Be six activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torn down and fuel tanks and temperary buildings at the fuel depot dismantl Only 8 to 10 trucks were observed. 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airf. There was clear and calm weather and good visibility. Individual Mid-15s were needed to the Kmiderest and Fishnet sets were dismantled, but an umbrella-type antenna had been erected newly. Truck were involved in leading procedures at the field. 3. Ho changes were observed at the Fermer "Home for Aged People" at Gross Ensersdorf military post. An antenna was procedure at the radio station on the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations.		
2. Between 1000 and 1000 on 17 August 1955, 29 M ounted at Appern airfield. The weather was partly old good visibility. No air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torn down and fuel tanks and temporary buildings at the fuel depot dismantly only 8 to 10 trucks were observed. 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airfifiers was clear and calm weather and good visibility. Individual MiG-15s we seem aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Kniferrest and Fishnet sets were dismantled, but an umbrella-type antenna had been erected newly. Truck were involved in loading procedures at the field. 3. No changes were observed at the Fermer "Home for Aged People" at Gross Enseradorf military post. An antenna was erected at the radio station on it southeastern edge of the town. An antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations.		
1. Between 1400 and 1800 on 17 August 1955, 29 Magnetic at Aspern airfield. The weather was partly old the was a seen along ood visibility. No air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torn down and fuel tanks and temporary buildings at the fuel depot dismantly only 8 to 10 trucks were observed. 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airfificate was clear and calm weather and good visibility. Individual Mid-15s were enableft. It seemed that preliminary work for the evacuation of the airfield was completed. The Kniferest and Fishnet sets were dismantled, but an umbrella-type antenna had been received newly. Truck were involved in leading procedures at the field. 3. No changes were observed at the Ferner "Home for aged People" at Gross Enseredorf military post. An antenna with parellel bracings was errected at the radio station ent is southeastern edge of the town. An antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated southeastern edge.		
1. Between 1400 and 1800 on 17 August 1955, 29 Min at Aspern airfield. The weather was partly of the was a good visibility. No air activity was observed. The ground radio stations had been reserved. Sheds and lean-to roofs were torn down and fuel tanks and temporary buildings at the fuel depot dismantle Only 8 to 10 trucks were observed. 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airfiflers was elear and calm weather and good visibility. Individual MiG-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Aniferest and Fishner sets were dismantled, but an umbrella-type antenna had been erected newly. Truck were involved in loading procedures at the field. 3. No changes were observed at the Feuner "Home for Aged People" at Gross Ensersdorf military post. An antenna was attained the radio station entit southeastern edge of the town. An antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so		
1. Between 1400 and 1800 on 17 August 1955, 29 M. at Aspern airfield. The weather was partly old good visibility. Be air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torm down and fuel tanks and temperary buildings at the fuel depot dismant! Only 8 to 10 trucks were observed 2. Between 1000 and 1030 on 18 August, 28 MiC-15s were counted at Aspern airfifthere was clear and calm weather and good visibility. Individual MiG-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Kniferest and Fishnet sets were dismantled, but an unbrella-type antenna had been erected newly. Truck The changes were observed at the Faxmer "Home for Aged People" at Gross Enseradorf military post. An antenna with parallel bracings was erected at the radio station and southeastern edge of the town. An antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so		MAKKS
1. Between 1400 and 1800 on 17 August 1955, 29 Minimum airfield. The weather was partly oldered at Aspern airfield. The weather was partly oldered. The ground radio stations had been removed. Sheds and lean-to roofs were torm down and fuel tanks and temperary buildings at the fuel depot dismant! Only 8 to 10 trucks were observed. 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airfifthere was clear and calm weather and good visibility. Individual MiG-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Kniferest and Fishnet sets were dismantled, but an umbrella-type antenna had been erected newly. Truck were involved in leading procedures at the field. 3. No changes were observed at the Fermer "Home for Aged People" at Gross Ensersdorf military post. An antenna was particular and the dipole girder in the southeastern edge of the town, an antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so		
1. Between 1400 and 1800 on 17 August 1955, 29 Minimum airfield. The weather was partly olders was good visibility. Bo air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torm down and fuel tanks and temperary buildings at the fuel depot dismant! Only 8 to 10 trucks were observed 2. Between 1000 and 1030 on 18 August, 28 Mig-15s were counted at Aspern airfifiere was clear and calm weather and good visibility. Individual Mid-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Kniferest and Fishnet sets were dismantled, but an umbrella-type antenna had been erected newly. Truck were involved in loading procedures at the field. 3. No changes were observed at the Faxner "Home for Aged Peaple" at Gross Ensersdorf military post. An antenna was particular and tracings instead of an antenna with parallel bracings was erected at the radio station on the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so		
1. Between 1400 and 1800 on 17 August 1955, 29 Million was air Aspern airfield. The weather was partly oldered was good visibility. Be air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torm down and fuel tanks and temperary buildings at the fuel depot dismant! Only 8 to 10 trucks were observed 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airfifthere was clear and calm weather and good visibility. Individual MiG-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Kniferest and Fishnet sets were dismantled, but an umbrella-type antenna had been erected newly. Truck were involved in leading procedures at the field. 3. No changes were observed at the Faxner "Home for Aged Peaple" at Gross Ensersdorf military post. An antenna was particular and the station of an antenna with parallel bracings was erected at the radio station on the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so		
1. Between 1400 and 1800 on 17 August 1955, 29 Minimum airfield. The weather was partly oldered was good visibility. Bo air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torm down and fuel tanks and temperary buildings at the fuel depot dismant! Only 8 to 10 trucks were observed. 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airfifiers was clear and calm weather and good visibility. Individual MiG-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Kniferest and Fishnet sets were dismantled, but an umbrella-type antenna had been exected newly. Truck were involved in leading procedures at the field. 3. We changes were observed at the Fermer "Home for Aged People" at Gross Ensersdorf military post. An antenna was particular and the adjuste girder in the southeastern edge of the town, an antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so		
at Aspern airfield. The weather was partly of good visibility. He air activity was observed. The ground radio stations had been removed. Sheds and lean-to roofs were torn down and fuel tanks and temperary buildings at the fuel depot dismantled only 8 to 10 trucks were observed. 2. Between 1000 and 1030 on 18 August, 28 MiG-15s were counted at Aspern airfifiers was clear and calm weather and good visibility. Individual MiG-15s we seen aloft. It seemed that preliminary work for the evacuation of the airfield was completed. The Eniserest and Fishnet sets were dismantled, but an umbrella-type entenna had been erected newly. Truck were involved in loading procedures at the field. 5. No changes were observed at the Ferner "Home for Aged People" at Gross Enzersdorf military post. An antenna was procedured at the radio station on the southeastern edge of the town. An antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so		
Were involved in loading procedures at the field. 3. No changes were observed at the Fermer "Home for Aged People" at Gross Ensersdorf military post. An antenna was pathograph bracings instead of an antenna with parallel bracings was created at the radio station on the southeastern edge of the town. An antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so	There was seen alof airfield	2.
Something the second at the Ferner "Home for Aged People" at Gross Engersdorf military post. An antenna which parallel bracings was erected at the radio station on the southeastern edge of the town. An antenna set with a dipole girder in the shape of a lying cross the arms of which were fitted with a vertical dipole was also seen at the radio stations. Comment. It appears as though Aspern airfield is to be evacuated so
