22. (Unclassified - JEC) LEGISLATION Called Bob Carlstrom, OMB, to check on the status of several views letters. He said that S. 1720 and S. 1721 (bills to amend the Administrative Procedure Act) should be cleared by the end of this week, and he would check with DOD to make sure they would meet that deadline. He added that Charles Ludlam, of the Senate Judiciary Subcommittee on Administrative Practice and Procedure, was satisfied with this arrangement. Mr. Carlstrom also said he hoped to clear our letter on S. 1974, the Regulatory Flexibility Act, by Wednesday, 18 January, and that he would apprise George Gilbert, on the staff of Senator John Culver (D., Iowa), of this.

23. (Unclassified - JEC) LEGISLATION Called Charles Ludlam, on the staff of the Senate Judiciary Subcommittee on Administrative Practice and Procedure, to tell him that our views letter on S. 1720 and S. 1721, bills to amend the Administrative Procedure Act, was still being held at OMB, and we would get it up to the Committee as soon as it was cleared. He said he was aware of the situation, and had no problem with it.

24. (Unclassified - RLB) LEGISLATION Received from John Elliff, on the staff of the Senate Select Committee on Intelligence, a copy of draft Title II of the charter legislation, copies of which were subsequently provided to Agency components and the IC Staff. Mr. Elliff said he would like to have our general comments on Title II late Thursday or early Friday, and further that he would like to have a meeting with us to go over Title II in detail sometime next week. He indicated he would like our comments on the substantive provisions of Title II without concerning ourselves at this time with whether or not any of the provisions should be addressed by regulation as opposed to statute. He said also he would like us to look at draft Title III of the charter (the FBI charter), a copy of which was provided to us last Friday. Finally, Mr. Elliff drew my attention to the fact that Title II contained a section covering electronic surveillance of U.S. persons abroad; he indicated he was thinking at this time of including this in Title II rather than as a separate bill or as an amendment to S. 1566, the electronic surveillance legislation currently under consideration by both Houses. Regarding Title I, Elliot Maxwell, also on the Committee staff, said they were having some problems in having it printed up, but still hoped to have it to us tomorrow.

ADDENDUM TO JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 17 January 1978

1. (Unclassified - THW) LIAISON Mike Van Dusen, Staff Director, House International Relations Subcommittee on Europe and the Middle East, called to ask if he could take a look, either in unclassified or classified form, at the report concerning Soviet arms expenditures on which a story had appeared in the New York Times today. I told him I would look into it and get back to him.

2. (Unclassified - THW) LIAISON Barry Wiser, in the office of Representative John P. Murtha (D., Pa.), called stating that a constituent would like an appointment with somebody to discuss the reorganization of the Intelligence Community. The constituent was an undergraduate student at Kent State University, Kent, Ohio, and was doing a paper on this subject. I told Wiser that the reorganization of the Intelligence Community was still in flux, that many parts of it were classified and, therefore, at this time it was not feasible for someone to discuss the matter with his constituent. Wiser agreed.

3. (Unclassified - SF) LIAISON Received a call from Ann Moore, in the office of Senator S. I. Hayakawa (R., Calif.), who was requesting, for a constituent, an atlas of Europe and the Western Hemisphere. After checking with [redacted] NFAC/CSS, office, I informed Ms. Moore that the constituent can obtain a copy of the Western Hemisphere atlas from the DOCEX Project at the Library of Congress, and as far as we know we do not have one on Europe as of yet.

4. (Unclassified - GLC) LIAISON Received a call from Ed Pinto, Press Secretary to Senator Jacob K. Javits (R., N.Y.). Pinto said the Senator had decided not to make his trip to Europe for reasons of health

5. (Confidential - GLC) LIAISON Called Mike Hershman, Deputy Staff Director, House International Relations Subcommittee on International Organizations, concerning the Director's meeting with the Attorney General last Thursday regarding access to new material by the Subcommittee and its staff. (See Memorandum for the Record.)

25X1

7. (Confidential - GLC) LIAISON Called Tom Smeeton, House International Relations Committee staff, to convey to him the results of the Director's meeting with the Attorney General last Thursday on the matter of further access to information by Chairman Donald Fraser's (D., Minn.) Subcommittee on International Organizations. (See Memorandum for the Record.)

8. (Confidential - GLC) LIAISON Talked with Stan Taylor, Senate Select Committee on Intelligence staff, regarding the status of information needed by the staff in connection with the Committee's inquiry into the qualifications of Ambassador Carlucci for the position of DDCI. Taylor said their inquiries were proceeding well and he saw no need for any additional information at this time. He did express an interest in the Civil Service Commission investigation into irregularities in HEW.

9. (Unclassified - GLC) LIAISON Talked with Jim Bush, House Permanent Select Committee on Intelligence staff, regarding the timing of the Director's overview briefing of the Subcommittee on Budget Authorization as part of its consideration of the FY 79 Intelligence Community budget. Bush said the Committee schedule allowed for only two possibilities for the Director's appearance. One was on 3 February or on 11 February, which would be after some of the hearings on intelligence budgets had already been presented. He said Chairman Bill Burlison (D., Mo.) did not want to break the CCP presentation which is scheduled all day on 10 February. I told him we would take this matter up with the Director and I was later advised the Director talked with Chairman Burlison and it was agreed that he would make his presentation on 11 February.

11. (Confidential - LLM) LIAISON Discussed further with Mike O'Neil, Chief Counsel, House Permanent Select Committee on Intelligence, the House International Relations Subcommittee on International Organizations requests, and he will be in touch with the Attorney General's office to explain what he believes is necessary to implement whatever understandings have been reached with the House leadership, including the need to pursue all leads involving unauthorized disclosure.

12. (Confidential - LLM) LIAISON Called Pete Stockton, Staff Director, House Interstate & Foreign Commerce Subcommittee on Energy and Power, on behalf of Marty Fitzgerald, GAO, explaining that there are two reasons for the differences in the letters to Chairman John Dingell (D., Mich.) and Comptroller General Elmer Staats on the further provisioning of material relating to NUMEC. I said we would have no problem with the Comptroller General sharing his letter with Chairman Dingell except for that portion which identifies the interests of other committees.

17. (Unclassified - MMP) LIAISON Called Margie Howe, in the office of Senator Edward W. Brooke (R., Mass.), with regard to a request from Senator Brooke's office for unclassified CIA publications released through DOCEX. After checking with [REDACTED] I told Ms. Howe that the DOCEX listings were more readily available to Congress than to us and that, while we would be willing to obtain them for Senator Brooke, it would be both more efficient and quicker for her to make the request of DOCEX directly. She asked that I send the list back to her and appreciated our prompt response. The list has been returned to her.
